

COVID-19 VACCINATION POLICY EFFECTIVE FROM 17 DECEMBER 2021

Introduction

The Queensland Government has announced that inter-State travel restrictions will be eased from 17 December 2021. This will increase the risk of Covid-19 virus transmission within our community.

The Queensland Government has issued guidelines operative from 17 December 2021 which permit only vaccinated people to enter certain venues, including Bridge clubs.

The Bridge community in Queensland consists of a large percentage of people who are at high risk and otherwise vulnerable to infection from the virus, including many persons who are aged 70 years and above. Many of them have partners or other close family members who are also vulnerable.

The Darling Downs Bridge Club takes seriously its duty of care to try to keep its employees, volunteers, officials and members as safe as possible.

Policy

The Darling Downs Bridge Club has resolved that, in keeping with Government and community standards and the identical vaccination policy to soon be introduced by the Queensland Bridge Association, the Darling Downs Bridge Club will only permit bridge players who are **vaccinated** (meaning that they have received double vaccinations) to participate in sessions and events at our clubhouse.

The onus is on players to provide satisfactory evidence that they are vaccinated.

Such evidence includes the production of an appropriate current Government issued certificate (electronically or in paper form). This will only have to be produced once and will be recorded on a DDBC register.
